

SL 2014-120 Report Wilson County Health Department

Part 1A: On-site Water Protection: Standardize Certain Regulatory Review Procedures

Reference Session Law 2014-120, Section 29.(b).

Any system designed or proposed by an engineer including but not limited to those systems specified in 15A NCAC 18A .1938 or .1948 are referred to the State and reviewed according to the steps described in their submitted report. No engineer designed or proposed on-site systems are reviewed by the Wilson County Environmental Health Staff. We verify the application and accompanying information are complete and forward that information to the State for their review. Please refer to the State submitted report.

No systems were designed or proposed and submitted by an engineer to Wilson County during 2016.

Part 1B: Food Protection and Facilities: Standardize Certain Regulatory Review Procedures

Reference Session Law 2014-120, Section 29.(b).

Franchise and chain food establishment plans are submitted to the State and reviewed and Approved by the Food Protection and Facilities Branch. Local or independent food service facility plans are submitted to and reviewed by a Wilson County Registered Environmental Health Specialist under the conditions as outlined In 15A NCAC 18A .2600 and the NC Food Code Manual. The Wilson County Environmental Health Section reviews swimming pool plans according to the Rules as outlined in 15A NCAC 18A .2500, State issued guide sheets and input from Regional Swimming Pool Protection Personnel to assure all safety requirements and circulation system components are able to meet the water quality requirements. Any engineering questions are referred to the Food Protection and Facilities Branch.

Part 2A: On-site Water Protection Informal Internal Review Processes and Procedures to Develop and Maintain a List of Review Engineers

Reference Session Law 2014-120, Section 29.(c).

Please reference Part 2A Section III of the State report for an Informal Internal Review Process and Part 2A Section IV of the State report for developing and maintaining a list of PEs for Informal Internal Reviews. Any request for an Informal Internal Review of an engineered design will be forwarded to the State and reviewed under their process.

No informal reviews were requested.

SL 2014-120 Report Wilson County Health Department

Part 2B: Food Protection and Facilities Informal Internal Review Processes and

Procedures to Develop and Maintain a List of Review Engineers

Reference Session Law 2014-120, Section 29.(c).

Please reference Part 2B Section II of the State report for an Informal Internal Review Process and Part 2B Section III of the State report for developing and maintaining a list of PEs for Informal Internal Reviews. Any request for an Informal Internal Review of an engineered design will be forwarded to the State and reviewed under their process.

An informal review of a splash pad was requested, but the owner withdrew the application and canceled the project before the review was scheduled.

Part 3A: Onsite Water Protection Review of Working Job Titles

Reference Session Law 2014-120, Section 29.(h).

I contacted the personnel officer in the Wilson County Health Department. We reviewed the job description and working titles of each individual working in the On-site section. No employees have the term “engineer” associated or included in their working title or job description.

Part 3B: Food Protection and Facilities Review of Working Job Titles

Reference Session Law 2014-120, Section 29.(h).

I contacted the personnel officer in the Wilson County Health Department. We reviewed the job description and working titles of each individual working in the Food Protection and Facilities section. No employees have the term “engineer” associated or included in their working title or job description.
